

INTERNATIONAL BIBLIOGRAPHY ON CRIME AND DELINQUENCY

INDEX

1. The first part of the paper is devoted to a general discussion of the problem.

2. In the second part, we shall consider the case of a single particle.

3. The third part is devoted to the case of a system of particles.

4. In the fourth part, we shall consider the case of a continuous medium.

5. The fifth part is devoted to the case of a system of continuous media.

6. In the sixth part, we shall consider the case of a single continuous medium.

7. The seventh part is devoted to the case of a system of continuous media.

8. In the eighth part, we shall consider the case of a single continuous medium.

9. The ninth part is devoted to the case of a system of continuous media.

10. In the tenth part, we shall consider the case of a single continuous medium.

11. The eleventh part is devoted to the case of a system of continuous media.

12. In the twelfth part, we shall consider the case of a single continuous medium.

13. The thirteenth part is devoted to the case of a system of continuous media.

14. In the fourteenth part, we shall consider the case of a single continuous medium.

15. The fifteenth part is devoted to the case of a system of continuous media.

16. In the sixteenth part, we shall consider the case of a single continuous medium.

17. The seventeenth part is devoted to the case of a system of continuous media.

18. In the eighteenth part, we shall consider the case of a single continuous medium.

19. The nineteenth part is devoted to the case of a system of continuous media.

20. In the twentieth part, we shall consider the case of a single continuous medium.

21. The twenty-first part is devoted to the case of a system of continuous media.

22. In the twenty-second part, we shall consider the case of a single continuous medium.

23. The twenty-third part is devoted to the case of a system of continuous media.

24. In the twenty-fourth part, we shall consider the case of a single continuous medium.

25. The twenty-fifth part is devoted to the case of a system of continuous media.

26. In the twenty-sixth part, we shall consider the case of a single continuous medium.

27. The twenty-seventh part is devoted to the case of a system of continuous media.

28. In the twenty-eighth part, we shall consider the case of a single continuous medium.

29. The twenty-ninth part is devoted to the case of a system of continuous media.

30. In the thirtieth part, we shall consider the case of a single continuous medium.

31. The thirty-first part is devoted to the case of a system of continuous media.

32. In the thirty-second part, we shall consider the case of a single continuous medium.

33. The thirty-third part is devoted to the case of a system of continuous media.

34. In the thirty-fourth part, we shall consider the case of a single continuous medium.

35. The thirty-fifth part is devoted to the case of a system of continuous media.

36. In the thirty-sixth part, we shall consider the case of a single continuous medium.

37. The thirty-seventh part is devoted to the case of a system of continuous media.

38. In the thirty-eighth part, we shall consider the case of a single continuous medium.

39. The thirty-ninth part is devoted to the case of a system of continuous media.

40. In the fortieth part, we shall consider the case of a single continuous medium.

41. The forty-first part is devoted to the case of a system of continuous media.

42. In the forty-second part, we shall consider the case of a single continuous medium.

## INDEX

This is a combined index of the abstracts of books, journal articles, reports and unpublished materials and of the project summaries which appear in this issue. Abstracts are indexed by author, subject and, when significant, place of origin, and are numbered 368 through 780. Project summaries are indexed by auspices, personnel, correspondent, subject and place of origin, and are numbered P 26 through P 75. Documents printed in languages other than English are indicated in the index by asterisks as follows:

\* Article printed in language other than English.

\*\* Article printed in language other than English,  
summary or statistics in English.
